HANDHELD POOL
& SPA QUICK VAC

CMP POOL PRODUCTS

c-m-p.com/aqua-elements

THE QUICKEST WAY TO REMOVE DIRT AND DEBRIS

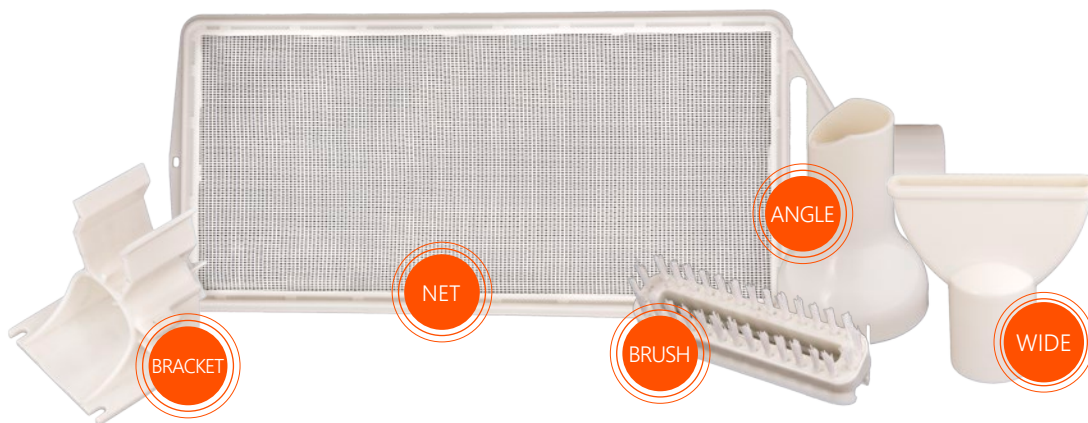

The Aqua Elements® Handheld Pool & Spa Quick Vac is the economical way to quickly clean pool debris, designed for a quick clean-up with no heavy equipment. This is a great solution for cleaning tight corners, pool steps, tanning ledges, built-in spas and portable hot tub units. Also perfect for "kiddie" pools and inflatable backyard pools. The included tools make this a convenient all-in-one solution for daily pool and spa cleaning or maintenance.

PRODUCT FEATURES

- Cleans with No Hoses and No Pumps: Saves Time and Reduces Energy Cost
- Includes Four Attachments: Angle Nozzle, Wide Nozzle, Brush and Skimmer
- Wall Mount Bracket and Screws Included
- Attractive & Branded Retail Packaging Design
- Easy to Use and Easy to Clean
- *Clear View* Filter So You Can See When It's Time to Rinse
- Ideal for "in-between" cleaning, hard to reach corners and shallow areas

HOW TO USE

1. Load the suction end with the your chosen attachment
2. Submerge the suction end of the Handheld Vac and pump a few times to prime
3. Suction up dirt, leaves and small debris from your pool or spa
4. When complete, remove the attachment and suction tip to access the reusable filter
5. Rinse the filter and dispose of debris. Insert the cleaned filter in vacuum and replace suction tip
