

COMING SOON:

THE NEW FUSION WEIR

Introducing Fusion: The new CMP 100-200 square foot front access weir system. Add style to any hot tub while providing high flow and skimming functionality with a modern auto-inspired design. User friendly and easy to install, the new Fusion weir will add excitement to any hot tub composition

TWO-TONE DESIGN

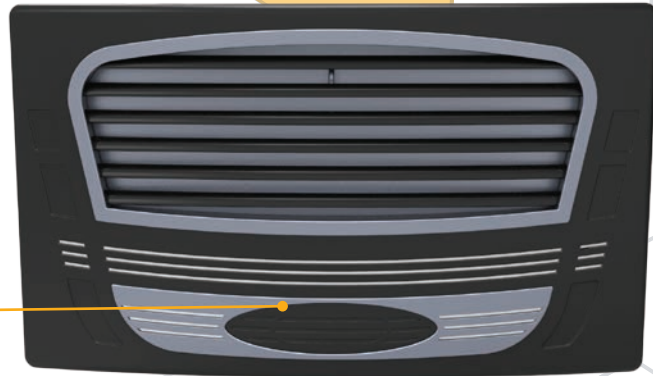

Multiple component design allows weir part colors to be adjusted to match or complement existing parts such as jets and control handles.

CUSTOMIZE WITH YOUR LOGO

CMP designers can help add your brand or product name to the snap-in logo plate. This plate can be molded in various colors as well.

AUTO-INSPIRED DETAILS

The new Fusion weir was inspired by design trends being seen in many of the world's most revered sports car designs.
