FITTING EXTENDERS

CMP PRO TOOLS

CMP fitting extenders greatly simplify pool service. Reduce the amount of cut and wasted PVC pipe. Instead use a fitting extender on existing plumbing. A far better solution than using slip fittings.

Continuing our commitment to offer the products that the professional really needs, CMP is the only manufacturer offering a true 2" socket fitting extender.

1.5" FITTING EXTENDER
21182-150-000

2" FITTING EXTENDER
21182-200-000

2" SOCKET FITTING EXTENDER
21182-220-000

CMP EXCLUSIVE

2.5" FITTING EXTENDER
21182-250-000

INSTRUCTIONS:

Make sure there are no raised letters or bumps on the fitting. If so, they may need to be sanded off prior to installation. Try the fitting extender over the fitting without glue first to make sure it will fit. If the extender fits too tight, the inside of the extender may be sanded to fit. Once you have confirmed a proper fit, glue the extender to the fitting.

When using with 2" pipe glue a coupler or 90 elbow to the small end. The larger end fits over Schedule 40 fittings.
